## FRESH FILTERS & DECENTRAL VENTILATION

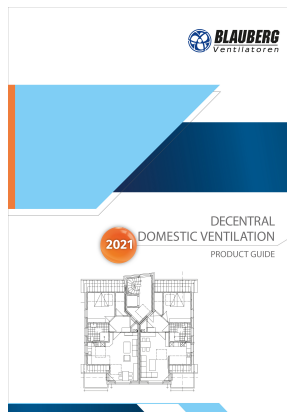

### CHANGE YOUR FILTERS AND HAVE FRESH AND HEALTHY AIR

Tips and product information

A well maintained ventilation system with fresh and clean filters ensures a good inside air quality. Thus it is important to have the right filters at hand and to know how to use them. In the filter guide, you can find our filter range for decentral units, to which ventilation units they apply, the corresponding article numbers, and some filter maintenance tips.
